

➤ **POWER SUPPLIES GENERAL**

Power Supply 13.5VDC 3 Amp

PS62-1

- Output voltage: 12-15VDC adjustable
- Output current: 3 Amp
- Input voltage: 100-240VAC - 40-60Hz
- Lockable enclosure, grey epoxy coated finish
- Fuse and lightning protection (by MOV)
- With plug and 500mm lead
- Metal housing dimensions: 165mm (H) x 165mm (W) x 50mm (D)

SECURI-PROD

Power Supply 13.6VDC 3 Amp Power Store

PS49-1

- Output voltage: 13.6VDC 3 Amp
- Input voltage: 190-265VAC - 50-60Hz
- Lockable enclosure, grey epoxy coated finish
- Output short-circuit protection
- With SA plug top and 300mm lead
- Metal housing dimensions : 203mm (H) x 163mm (W) x 74mm (D)
- With battery back-up 7AH
(Battery supplied separately)

SECURI-PROD

Power Supply 13.6VDC 5 Amp Power Store

PS49-2

- Output voltage: 13.6VDC 5 Amp
- Input voltage: 190-265VAC - 50-60Hz
- Lockable enclosure, grey epoxy coated finish
- Output short-circuit protection
- With SA plug top and 300mm lead
- Metal housing dimensions : 295mm (H) x 198mm (W) x 90mm (D)
- With battery back-up 17AH
(Battery supplied separately)

SECURI-PROD

Power Supply Access Control 12VDC 3 Amp Power Store

PS49-3

- Output voltage: 12VDC 3 Amp with timer board
- Input voltage: 190-265VAC - 50-60Hz
- Lockable enclosure, grey epoxy coated finish
- Output short-circuit protection
- With SA plug top and 300mm lead
- Metal housing dimensions : 203mm (H) x 163mm (W) x 74mm (D)
- With battery back-up 7AH
(Battery supplied separately)

SECURI-PROD

Power Supply Access Control 12-14VDC 3 Amp

PS49-4

- Output voltage: 12 - 14VDC (adj) 3A
- Input voltage: 100 - 240VAC 50-60Hz
- Separate output for electronic lock (N/O and N/C)
- Push button input for lock release
- Adjustable lock time (1-10sec)
- Output short circuit protected
- Metal housing dimensions: 162mm (H) x 163mm (W) x 47mm (D)
- With SA plug top and 300mm lead

SECURI-PROD

Power Supply 24VDC 5 Amp Powerstore

PS66

- Output voltage: 24VDC @ 5 Amps max
- Input voltage: 190-265VAC @ 50-60Hz
- Output short circuit protection
- AC Fail alarm output
- Battery charge Current 2 Amps
- Metal housing dimensions: 400mm (H) x 290mm (W) x 160mm (D)
- With battery back-up 2 x 17AH SLA batteries
(Batteries supplied separately)
