

**RF Converter Video to UHF/VHF EZ-MOD**

**CC27**

- RF Signal converter from video to UHF and VHF
- Facilitates connection between CCTV systems and AV systems
- Connections for RCA, F connector, AV TV plugs and DC plugs

**1 to 4 Video Distribution Amplifier**

**CC27-1**

- 1 Volt p-p, 75 ohm video signal
- Easy mounting
- Video output gain control
- 1 Video input
- 4 Video output
- Independently adjustable variable level controls

**UTEPO**

**\*TO BE DISCONTINUED\***

**1 to 4 HD Video Distribution Amp**

**CC27-7**

- Compatible with HDCVI/HDTVII/AHD/Analogue video formats
- 1 Channel HD video input
- 4 Channel output; with automatic video format adjustment.
- Filtered input: 6MHz-70MHz
- Output: 200MHz (-3dB)
- Operating voltage: 12VDC
- Metal housing for desktop installation, wall mount and rack mount.

HD**

**1 to 8 Video Distribution Amplifier**

**CC27-5**

- 1 Volt p-p, 75 Ohm video signal
- Easy mounting
- Video output gain control
- 1 Video input
- 8 Video outputs
- Independently adjustable variable level controls
- RCA Output; use CN03-1 RCA to BNC converter

**UTEPO**

**\*TO BE DISCONTINUED\***

**CCTV Camera Microphone**

**CC27-2**

- Operating voltage 6 – 12V DC
- Frequency response 100 – 5500 Hz
- Range 30 square meters

**AV to VGA HDMI High Resolution Converter**

**CC27-4**

- Selectable VGA resolution: 800 x 600 / 1024 x 768 / 1280 x 1024
- Full screen output accommodating both 4:3 and 16:9 aspect ratios
- Power requirement: DC-12V 500mA (AC Adaptor is included)
- Dimensions (L x W x H): 100 x 75 x 25mm
- NTSC / PAL Auto detecting
