

FIRE BELLS

Fire Bell 12VDC / 6"

- Red fire bell for audible fire alert
- 12VDC Input power
- 150mm Diameter x 68mm

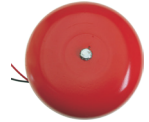

FR08

Fire Bell 24VDC / 6"

- Red fire bell for audible fire alert
- 24VDC Input power
- 150mm Diameter x 68mm

FR08-2

SIRENS

Flashing Siren Red 24V

- Dual siren and red strobe light configuration
- 18 to 30VDC Supply voltage
- Selectable dual tone
- For use with all conventional fire and alarm systems
- Surface mount weatherproof enclosure

FR11

Roshni Siren 12/24VDC

- Dual sound selectable output siren (dipswitch selectable)
- 9 to 24VDC Supply voltage
- For use with all conventional fire and alarm systems
- Surface mount weatherproof enclosure
- Also available in 220VAC supply voltage (FR20-1)

FR20

6

ACCESSORIES

Smoke Detector Tester Aerosol

- Pressurised canister 335ml
- Use with smoke dispenser cup mechanism
- Non-flammable

FR30

Redlam Union Fire Bolt

- Emergency fire glass break lock mechanism
- Slide lock secured with breakable glass tube insert
- Safe glass break rod with chain attachment

FR29

> ACCESSORIES

Union Fire Bolt Tube

FR29-1

- Replaceable glass tube for FR29 fire lock
- 127mm x 18mm Diameter

Fire Cable 1 Pair 0.8mm / 100m

CB63-2

- PVC Insulated twisted copper conductors
- Aluminium polyester foil shielded UV protected, flame retardant, heat resistant red PVC jacket - low smoke, halogen free

Available in:
500 Meter:

CB63-1

Fire Cable - 2 Pair 0.8mm / 100m

CB63-3

- PVC Insulated twisted copper conductors
- Aluminium polyester foil shielded UV protected, flame retardant, heat resistant red PVC jacket - low smoke, halogen free

Available in:
500 Meter:

CB63

Fire Cable - 1 Pair 1mm / 200m PH30

CB63-7

- Stranded copper wire conductors to BS6360
- Special silicon rubber mix insulation
- Halogen free sheath
- EN50200 - PH30

Fire Cable - 1 Pair 1mm / 200m PH120

CB63-9

- Stranded copper wire conductors to BS6360
- Special silicon rubber mix insulation
- Halogen free sheath
- EN50200 – PH120
