DMP provides innovative solutions that work.

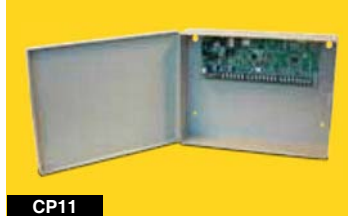

## CONTROL PANELS AND KEYPADS - WIRED

CP10

### XT30 38 Zone Alarm Panel With Dialer

- Hybrid wired/wireless alarm panel
- 8 Zones expandable to 38 zones
- 28 Wireless zones
- DMP two way wireless 868MHz technology
- 1 On-board fire zone
- 6 Partitions
- Supports up to 8 keypads
- 4 On-board outputs
- Built in dialer (no network)
- GSM module available (CP215)

CP11

### XT30 38 Zone Alarm Panel With Dialer And Network

- Hybrid wired/wireless alarm panel
- 8 Zones expandable to 38 zones
- 28 Wireless zones
- DMP two way wireless 868MHz technology
- 1 On-board fire zone
- 6 Partitions
- Supports up to 8 keypads
- 4 On-board outputs
- Built in dialer and on-board 10/100 network communication
- GSM module available (CP215)

CP12

### XR150 142 Zone Alarm Panel With Dialer

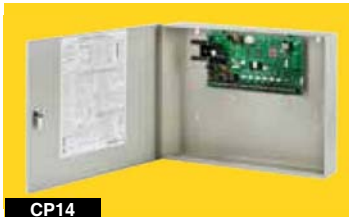

- Hybrid wired/wireless alarm panel
- 8 Zones expandable to 142 zones
- 100 Wireless zones
- DMP two way wireless 868MHz technology
- 2 On-board fire zones
- 8 Partitions
- Supports up to 8 keypads
- 4 On-board outputs with expansion to 106
- Built in dialer (no network)
- GSM module available (CP215)
- 8 Communication paths for reporting

CP13

### XR150 142 Zone Alarm Panel With Dialer And Network

- Hybrid wired/wireless alarm panel
- 8 Zones expandable to 142 zones
- 100 Wireless zones
- DMP two way wireless 868MHz technology
- 2 On-board fire zones
- 8 Partitions
- Supports up to 8 keypads
- 4 On-board outputs with expansion to 106
- Built in dialer and on-board 10/100 network communication
- GSM module available (CP215)
- 8 Communication paths for reporting

CP14

### XR550 574 Zone Alarm Panel With Dialer

- Hybrid wired/wireless alarm panel
- 8 Zones expandable to 574 zones
- 500 Wireless zones
- DMP two way wireless 868MHz technology
- 2 On-board fire zones
- 32 Partitions
- Supports up to 16 keypads
- 4 On-board outputs with expansion to 506
- Built in dialer (no network)
- GSM module available (CP215)
- 8 Communication paths for reporting

CP15

### XR550 574 Zone Alarm Panel With Dialer And Network

- Hybrid wired/wireless alarm panel
- 8 Zones expandable to 574 zones
- 500 Wireless zones
- DMP two way wireless 868MHz technology
- 2 On-board fire zones
- 32 Partitions
- Supports up to 16 keypads
- 4 On-board outputs with expansion to 506
- Built in dialer and on-board 10/100 network communication
- GSM module available (CP215)
- 8 Communication paths for reporting

CP19

### DMP Graphic Touch Screen Keypad (White)

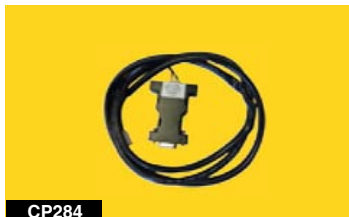

- 5" Graphic touch screen keypad
- Built in prox reader and door strike relay
- 4 Zones on-board
- Interactive arming and disarming shield
- Carousel menu for shortcut features
- Used with XT and XR series panels and CP238 access module

CP19-1

### DMP Graphic Touch Screen Keypad (Black)

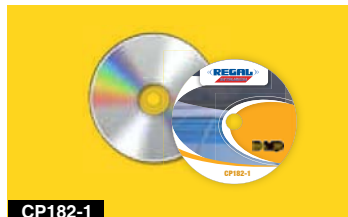

- 5" Graphic touch screen keypad
- Built in prox reader and door strike relay
- 4 Zones on-board
- Interactive arming and disarming shield
- Carousel menu for shortcut features
- Used with XT and XR series panels and CP238 access module

CP284

### DMP Flash Programming Cable

- Upload/Download programming cable
- Used with Remote Link Software
- Remote Link available for download at: <ftp://regalccvt.dyndns.org>

CP182-1

### DMP Manuals CD

- All Available Manuals and Literature for the DMP range.
- Including Remote Link Software

## CONTROL PANELS AND KEYPADS - WIRED

CP18

### DMP LCD Keypad With Green Backlit Keyboard

- 32 Character LCD keypad
- Green backlit keyboard
- Keyboard turn red in alarm
- Sleek design
- Used with XT and XR series panels

CP18-1

### DMP LCD Keypad With Green Backlit Keyboard And 4 Zones

- 32 Character LCD keypad
- Green backlit keyboard
- 4 Zones on-board
- Sleek design
- Used with XT and XR series panels

CP18-2

### DMP LCD Keypad With Green Backlit Keyboard, Prox Reader

- 32 Character LCD keypad
- Green backlit keyboard
- Built in prox reader
- Sleek design
- Used with XT and XR series panels and CP238 access module

## DMP WIRED ACCESSORIES

CP231

### DMP 4 Zone Expander

- 4 Zone expander in housing
- Includes EOL resistors (1K)
- Used with XT and XR series panels

CP232

### DMP 8 Zone Expander

- 8 Zone expander
- Includes EOL resistors (1K)
- Used with XT and XR series panels
- Max 2 per LX Bus

CP233

### DMP 16 Zone Expander

- 16 Zone expander
- Includes EOL resistors (1K)
- Used with XT and XR series panels

CP287

### DMP Bus Splitter / Repeater Module

- LX-Bus splitter or repeater
- Allows for extending LX-Bus cable runs
- Allows for splitting a single LX-Bus to 3 LX-Bus circuits

CP244

### DMP 4 Relay Output Expansion Module

- Output expansion module for the LX-Bus
- 4 Programmable Form C relay outputs or 4 open collector outputs
- High impact housing for easy installation
- Used with XT and XR series panels

CP230

### Zone Expansion Module

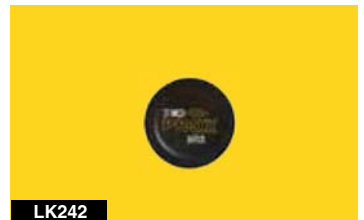

- 8 Zone expander
- Includes EOL resistors (1K)
- Used with XT and XR panels (not limited to 2 per LX bus)

CP238

### DMP Access Control Module With Wiegand Interface

- Access module for the XR series panels
- Allows for connecting of prox readers for door access
- Used in conjunction with prox reader keypads (CP18-2 / CP19 / CP19-1)
- Wiegand input
- 4 Programmable zones on-board

LK242

### DMP Prox Patch

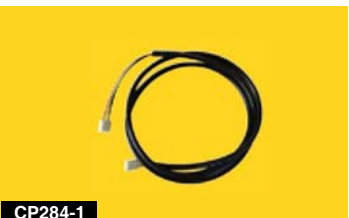

- Small adhesive HID proximity device

CP215

### DMP GSM (HSPA+) Cellular Module

- GSM (HSPA+) Cellular communicator
- SMS reporting and commands between user and panel
- Virtual Keypad APP access
- Plugs directly onto panel PCB
- Used with XT and XR series panels

CP284-1

### DMP Harness Cable

- 4 Foot harness cable for LX, X or keypad bus
- Quick addition of keypad for programming
- Harnessing of modules

CD220-1

### Securecom NVR

- 8Ch Securecom NVR
- Local Storage and Streams to Securecom Cloud for Video Verification
- Includes 500GB HDD, 12V PSU and USB Mouse

## WIRELESS ACCESSORIES

MC48

### Wireless Micro Window Transmitter

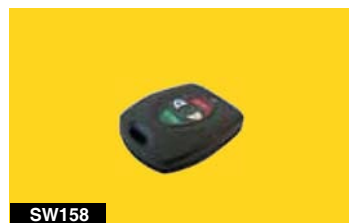

- Wireless door/window contact
- Low profile design
- 1 x CR2430 Battery (BA34-3)

MC49

### Wireless Universal Transmitter With External Contact

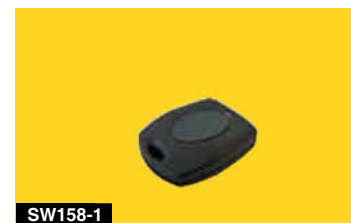

- Wireless universal transmitter and external reed switch
- 2-Input transmitter for door and window applications
- Internal input and external reed switch can be programmed as two independent zones
- 1 x CR123 Battery (BA31)

SW158

### 4 Button Wireless Key Fob

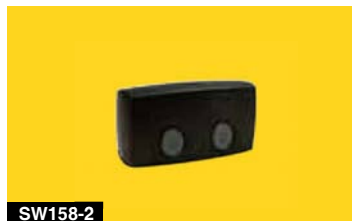

- 4 Button key fob transmitter
- Used for Arm/Disarm and Panic
- Two-Way panel status LED indication
- 1 x CR2032 Battery (BA34-2)

SW158-1

### 1 Button Wireless Key Fob

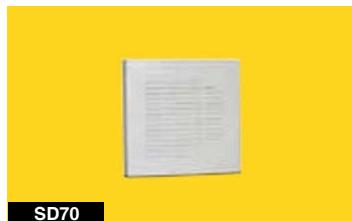

- 1 Button key fob transmitter
- Used for Arm/Disarm, Panic or Output activation
- Water resistant
- 1 x CR2032 Coin battery (BA34-2)
- High impact housing for easy installation
- Used with XT and XR series panels

SW158-2

### 2 Button Wireless Panic

- 2 Button wireless panic transmitter
- Sleek design
- 1 x CR2032 coin battery (BA34-2)

SD70

### Internal Wireless Siren

- Wireless battery powered siren
- Follows state of the panels bell output
- Built in tamper
- Survey LED
- 2 x CR123 Batteries (BA31)

CP268

### DMP Wireless Receiver XT Series

- Two-Way wireless receiver for wireless devices
- 868MHz frequency
- Line of sight range - 350m
- Used with the XT series panels

CP269

### DMP Wireless Receiver XR Series

- Two-Way wireless receiver for wireless devices
- 868MHz frequency
- Line of sight range - 350m
- Used with the XR series panels

BD260

### Wireless Ceiling Mount 360° PIR

- 360° Ceiling mount wireless PIR
- Low profile design
- Remote configuration directly from the panel
- 2 x CR123 Batteries (BA31)

BD236

### Wireless Wall Mount Wide Angle PIR

- Wide angle wireless PIR
- 18Kg Pet immunity
- Built in tamper
- Remote configuration directly from the panel
- 2 x CR123 Batteries (BA31)

CP18-3

### DMP Wireless LCD Keypad

- 32 Character wireless LCD keypad
- 12VDC Power input with battery back-up
- Sleek design
- Used with all XR and XT series panels

CP19-3

### DMP Wireless Graphic Touch Screen Keypad

- 5" Wireless Graphic Touch Screen Keypad
- 12VDC Power input with battery back-up
- Interactive arming and disarming shield
- Used on all XT and XR series panels

## Optional: Add OPTEX X-WAVE Wireless Detectors to a DMP System

### Wireless Repeater

CP63-1  
Xwave Wireless Repeater

### Required: SW157-1

**X-wave 8 Channel Wireless Receiver**  
The SW157-1 Requires 8 Zones (Inputs) on the DMP Control Panel

- NOTE: One-way wireless
- 8 Relay outputs
- 433 MHZ

### Indoor / Outdoor Detectors

**BD60**  
Optex Xwave VXI  
Outdoor PIR

**BD61**  
Optex Xwave BX80  
Outdoor PIR

**BD61-1**  
Optex Xwave HX80  
Outdoor PIR

**BD62**  
Optex Xwave HX40  
Outdoor PIR

**BD65-1**  
Optex Xwave WNX 40  
Indoor Pet PIR

**BD64 / BD64-1**  
Optex Xwave Wireless  
Outdoor Beams  
(30M / 60M)
